

Project Name: FitBuddy - AI Workout Generator

User Journey Stages:

1. **Awareness:** User visits the FitBuddy web page.
2. **Engagement:** User fills out the simple HTML form with their Name, Age, Weight, Fitness Goal, and Workout Intensity.
3. **Processing:** The system routes the request via FastAPI and fetches customized data from the Gemini AI model.
4. **Fulfillment:** User instantly views their 7-day personalized workout plan and nutrition tip on the results page.
5. **Retention:** User data is saved in the SQLite database for future reference via the Admin Dashboard.
